Hi

Thank you for your interest in Rampless ground loading trailers.

The GL1000 trailer (ATM 1000kg)

is AUD\$7 204.45 plus GST or \$7 925 incl GST ex-Sydney.

(1 front wheel chock, as well as a spare wheel on a bracket is included.)

Trailer allocations may be secured by way of a \$1 000 non-refundable deposit per trailer.

The transaction can be made via credit card or bank transfer.

This amount will be receipted as soon as the funds appear in our account.

For customers in NSW, full settlement a week before delivery enables Rampless Trailers to perform pre-delivery service and present the trailer(s) for blue slip inspection on your behalf.

Please take a look at FAQ on the website www.rampless.net and if you have any questions or would like to chat, feel free to call.

Terms and Conditions

Ground loading trailers are produced by a local manufacturer

Each trailer has been tested before shipping.

Any changes and accessories added either by the user or on behalf of the user must comply with the Australian road rules. These accessories will add to the **Tare weight** and therefore affect the **maximum load permissible**.

Trailers can only be supplied when paid for in full and on-road costs such as inspection, taxes and registration fees are for the customer's account.

While every effort is made to deliver on-time, Rampless does not accept responsibility for any losses incurred either directly or indirectly through delays in delivery.

Full responsibility for the trailer passes to the purchaser at handover on signing the invoice.

Rampless offers a lifetime limited warranty against faulty workmanship.

Component parts typically carry a 1 year manufacturer's warranty. Rampless undertakes to make every effort to deal with suppliers of 3rd party component issues on your behalf.

Warranty work will be carried out on a back to base basis in Girraween, NSW.

Please Note

Warranties only apply where the trailer has been used for the purpose it was designed.

Public weighbridges should be used to confirm that the trailer has not been overloaded.

Mis-use and fair wear and tear are NOT covered.

This trailer is not built for dirt tracks, marine applications or being submerged in salt water or chemicals.

Collision with other objects may void the warranty.

It is the responsibility of the user to always ensure that their trailer is road-worthy and that the trailer and load have been properly secured.
